PVT-OCT 2018

ELEGANCE that ENDURES

POLISHED VITRIFIED TILES

Is beauty really beauty if it doesn't have the strength to remain beautiful?

Is strength really worth it all, if it doesn't look pleasing to the eye?

What if there is a common answer to both these questions? That's Cera PVT for you. PVT stands for Polished Vitrified Tiles. They are as beautiful as they are enduring. Cera PVT is spread across 4 distinct categories -

Refinito - Double Charged Vitrified Tiles - Available in 800x1200mm, 600x1200mm, 800x800mm, 600x600mm

Identity - Full Body Vitrified Tiles - Available in 800x1200mm, 600x1200mm, 800x800mm, 600x600mm

Elegante - Soluble Salt Vitrified Tiles - Available in 600x600mm

Patio - Parking Floor Tiles - Available in 300x300mm, 400x400mm

What does enduring elegance mean?

Aesthetically, it stands for tiles that withstand everything, while retaining their innate charm. Practically, it stands for a range of tiles that's versatile unlike any other. The elegance in it can be seen in its appealing shades and designs. And thanks to its endurance it's ideal for commercial and residential, interior flooring and cladding, and areas that see extremely high foot fall.

REFINITO

Double Charged Vitrified Tiles

The designs in Refinito range emanate from a simple principle - to take grandeur of your interiors to the next level. The gentle strokes and the minimalistic design patterns do so, in a way that's understated yet impressionable. Available in 5 different sizes, Refinito DC tiles exude grandeur and charm unlike any other. They're bestowed with better breaking strength, hardness and are resistant to abrasion, making them a perfect fit for commercial areas.

IDENTITY

Full Body Vitrified Tiles

The Identity range is for those with a worldly taste. Packed with sophistication in every square mm, the Identity range of full body vitrified tiles have pigment in the entire body (thickness) of the tile. This makes chips and scratches less noticeable, making them an ideal choice for high traffic zones. Being vitrified they guarantee the lowest water absorption in its class and are therefore, apt for for floors and walls alike.
